

# Disability Support

## KEW

- Want to join a dynamic and fun team?
- Are you ready for a challenge?
- Looking for a rewarding volunteer position?

Villa Maria provides a range of services for adults with physical and intellectual disabilities. Opportunities exist at our day program in KEW supporting adults with intellectual and/or physical disabilities.

The work is challenging as some clients can be very active and noisy, while others are confined to a wheelchair. You need an open mind, good fitness, and a great sense of humour. If this is you, you could become one of the many who fall in love with this highly rewarding work.

Positions are available for half to one day per week, Monday - Friday between 9am-3.30 pm.

Volunteer roles are varied and interesting and can include involvement in activities, assisting with art or music programs, accompanying on outings and much more. You are welcome to bring your creative talents, or simply help with the planned activities. If you prefer you can start in the admin area, finding your feet before working more directly with clients.

You will be part of an amazing team, supported by staff in all activities. This Volunteering Opportunity is located in the **3101** postcode.
