

# Social Visiting

## YOUR LOCAL AREA

- Partial to a cup of tea and a chat?
- Want to make someone's day brighter?
- Looking for a meaningful volunteer position?

Villa Maria assists older people with disabilities all over Victoria to stay in their own homes. While there are benefits of living in the environment they are accustomed to, they can become isolated if not supported by their local community.

We are currently seeking volunteers to support clients in a range of suburbs through Melbourne with social visits. They can be weekly or fortnightly, with times and days negotiable with the client.

**A friendly personality and genuine interest in people is essential, as is reliability. Full induction, training and ongoing support are provided, along with the opportunity to be part of a vibrant volunteering community.**

This is a great opportunity to assist in your local community, and discover the rich rewards of giving time to our older population. You can make a huge difference to someone's life with just this small contribution.

**For more information please call Bron Summers T: 03 9855 7755
